**CHOOSING KEEPING**

Purveyor of fine stationery, Choosing Keeping has been selling its wares since 2012 in a charming shop located on Columbia Road, home of the eponymous flower market in east London. Its beautifully crafted products have been sourced from across the globe and include German Bakelite pencil sharpeners, celluloid fountain pens from Japan, wax seals from France and exquisite Italian wrapping paper, to name a few. The shop has only one bricks and mortar location, but an inspiring online store caters for a much wider audience.

**TOP BRASS** We've taken a shine to the new Classica collection of brass shower enclosures, from £3,500, by Matki, [matki.co.uk](http://matki.co.uk). Over time the metal will develop a wonderful patina, or choose a chrome, nickel or gold-plated finish for a glamorous effect.
