COLOUR OF THE MONTH

Dusky pink

Warm, gentle and effortlessly elegant, this soft hue is a pretty alternative to the usual neutrals

'Pale dusky pink, like Thrift, is a calming colour that has a warming, nostalgic feel. It's a wonderful hue, as it's incredibly versatile, working in bedrooms, drawing rooms, kitchens and bathrooms. It pairs beautifully with many shades, including ochre, blue, grey and green. Most importantly, it's a colour that makes a house feel like a home.'
